

Green Office Year Plan 2016

Goals 2016: Creating interlinkages for greater impact

Operations (Anna and Roos)

Warm Sweater Week

4th edition of Warm Sweater Week. Goal for 2016: to involve new buildings and to clearly communicate the goals and results of the project.

Roadmap for Better Catering

Goal: to jointly define goals and plan to achieve them concerning sustainable catering at Wageningen campus. In this process we would like to involve WUR caterers, contract manager(s) from Facility Services, students and employees. This project will build up on previous projects by Green Office.

Dispose-less

Project in collaboration with S&I. Goal: to reduce amount of disposable cups, plates and cutlery thrown away at the student buildings at the campus.

Snack for planet

Project in collaboration with S&I. Goal: to introduce selection of sustainable and healthy snacks to vending machines in educational and (on longer term) staff buildings.

Green Gifts

Goal: to revise current practice concerning corporate gifts by WUR with regards to sustainability. The first phase will be implemented as an ACT project.

Roadmap for Sustainable IT

Goal: to jointly define goals and plan to achieve them concerning sustainable IT at Wageningen campus. In this process we would like to involve IT department, students and employees. This project is a follow up of last year's project Smart IT Use.

Student Cooking Corner

Continuation of project started in 2013. Goal in 2016: to get in place procedures to run the project with using minimal time resources.

Meatless Monday

Continuation of project started in 2015. Goal in 2016: to monitor implementation of MM and to increase the acceptance of MM.

Budget: € 450 (€ 50 reserved for Warm Sweater Week)

Education (Milan)

Green Teachers

Continuation of Green Teacher Award project. Goals: (1) to facilitate knowledge sharing concerning education for sustainability between lecturers at Wageningen University; (2) to lobby for incorporation of the Green Teacher Award into Teacher of The Year Award.

Entrepreneurship for Sustainability

2nd edition of the course. Green Office will be mainly in charge of promotion of the course. Goal: reach the target concerning number of participants in the course. This project is a collaboration between Green Office and StartLife.

University Journal of Sustainability Studies

Goal: to publish a compilation of best thesis/ internship papers written at Wageningen University in Academic Year 2015/2016.

Sustainability @ Work

Goal: to organize CSR course for study/student organizations.

Green Match

Continuation of project started in 2012. Goal for 2016: to regularly publish and share with relevant public Green Match vacancies (once per month) and to establish a network of Green Match ambassadors.

Budget: € 200

Outreach (Anne)

Goals 2016
